Box Sequence
Arlington, VA 22202

Sir:

In order to comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, 37 C.F.R. §§ 1.821-1.825, Applicants submitted the required paper copy and computer readable copy of the Sequence Listing on July 10, 2001. Upon closer examination it was observed that this Sequence Listing contained an improper presentation of some sequences. These imperfections have been corrected in both the paper and computer readable format (CRF) of the Substitute Sequence Listing submitted herewith.

Please replace the original Sequence Listing and disk mailed on July 10, 2001, with the enclosed Substitute Sequence Listing in paper and computer readable format.
